Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

FOOD FOR THOUGHT

Is your collection for sale???? Recheck the prices realized in this sale. You will then have to agree that choice coins are bringing record high prices. Why take less? We invite comparison bot as to results and commission (as low as 10% commission). A FIVE CENT STAMP IN WRITING US NOW WILL PAY YOU \$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ IN DIVIDENDS.

TO YOU, A MESSAGE OF IMPORTANCE!

THIS IS PART SIX OF OUR QUARTER MILLENNIUM SALE. Part One took place on June 29, 1963, Part Two on August 28, 1963, Part Three on March 5th, Part Four on August 31, and Part Five on November 24, 1964. All were tremendous success. Yes, many bargains were had because in an EXTRAORDINARY sale of this nature, there are always "sleepers" and bargains. Don't say after this sale, "I wish I would have bid on lot so and so, as it went quite reasonable." SEND IN YOUR BIDS NOW.

For the past few years, we have been contacting some of the owners of tremendous collections we have helped build over the years. We are now in our 32nd year as dealers, and through these years have helped form some of the greatest collections ever assembled. Many rarities have passed through our hands, and this sale will welcome back a number of them. We have mentioned to some of these "old timers" that they should have the joy and satisfaction of knowing that while they are still with us, they will see other collectors appreciate the quality that they did. As one of the collectors said to us, "I spent years and years of effort and disregarded the cost in assembling what I thought was an outstanding collection. I hope that the new owners will enjoy some of my prizes, as I have."

We are very happy that we were able to induce some of these true numismatists to part with their collections; and the results are much greater than we had ever anticipated. Because of the tremendous value attached to these collections, we have decided to sell them over a period of six or more sales. You will note that we have left out certain sections in Part I, II, III IV and V, of our 250th sale, and they will be included in our Part VI. For easy reading and reference to individual lots, even though there are a number of consignors, we have placed them numerically in order. *We have combined over a half dozen outstanding collections under one heading, and you will note that we have planned this sale to include some of the greatest rarities, and also commoner varieties so that everyone on our mailing list will have an opportunity to acquire those that interest them.* Our sales are cataloged with YOU in mind, and we want everyone to have an opportunity, whether they collect good, proof, finest knowns or unique.

As in the past, we have adhered to the policy of "not selling names"! We have purposely left out the consignor's names. We believe that a coin should stand on its own merits regardless of what name may be attached to a particular coin. We have refrained from using excessive high quality paper and expensive binding, as naturally this brings the cost of the catalogs up considerably, and someone, somewhere along the line (not the dealer) must bear this cost. **Our commission rates are as low as 10%**, as we feel that the savings of the printing and mailing costs should be passed on to the consignor. If your collection is for sale, we are prepared to purchase it either for cash or handle it in one of our future auctions.

As in every sale, some items go at bargain prices, therefore may we suggest that you study the catalog carefully and send in as many bids as you wish.

For those bidding in our sale for the first time, may we suggest that you read these first three pages of this catalog, and you will find that YOU, the collector, are the one to be satisfied, and that we do not question the return of any item for any reason whatsoever.

Good luck on your bids, and please be sure that you Airmail your bid before February 12, so that it will reach us in time.

Sincerely,

A. M. Kagin and Paul Kagin

IS THIS YOUR FIRST AUCTION CATALOG?

18th EDITION (1965) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" & OTHER AUCTION RECORDS USED IN CATALOGING
THIS SALE

Currency, scarce and rare gold, large cents, types, proofs and small cents seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING

SUCCESSIVE CATALOGS WITHOUT INTERRUPTION

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred fifty-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

The government of the U.S. contracted with Moffat & Co. of San Francisco to strike coins for use in California. Augustus Humbert of New York was appointed United States Assayer and sent to California to supervise the coinage for the United States. He placed his own name, as well as "UNITED STATES OF AMERICA" on these coins. THESE COINS DESERVE A SEPARATE LISTING IN THE CATALOG RATHER THAN BEING IN WITH THE PRIVATELY ISSUED CALIFORNIA GOLD. We have brought this to the attention of the catalog publishers a number of times and believe that in the near future a more appropriate listing as UNITED STATES COINAGE will appear in the catalog. No doubt this will increase the demand and present prices will appear as "bargains".

- 110. \$10 1852 OVER 1, Extremely fine, characteristic reverse die break. At least 10 TIMES AS RARE AS NORMAL 1851 750.00
- 111. \$10 1852 In plastic lettered "ERROR IN UNITED (IINITED) SIMILAR TO 1801 3 ERROR CENT" extremely fine. Acquired at 1,000.00
- 112. \$10 1852 Normal dies, extremely fine, tiny nick. The Walton specimen in "about unc." realized \$460 over a year ago; the increased demand since then should now send this closer to 500.00

- 113. \$20 1852 Over 1, very fine with partially eroded reverse. **VERY RARE.** Seldom offered. **ONLY "ABOUT A DOZEN OR SO" SAID TO EXIST!** We note a nearly 200% increase in value during the past two years as increased demand has revealed its true rarity. Its present nominal value of \$2500 is still much too low in keeping with its true rarity. It should be over 3,500.00

- 114. \$50 1851 Reeded Edge, 887 Thous., octagon shape, very fine with usual minor abrasions so characteristic of these large soft heavy gold coins. They soon were called "slugs" (perhaps due to the fact that a few of these in a sack provided a convenient method of "slugging" a person. We noted two specimens in fairly similar condition at the recent A.N.A. convention in Cleveland in August, priced at \$2250 and the other at 2,500.00
- 115. \$50 1852 Different Reverse. This came from the Pacific North West Convention sale in May, 1960 as "FINE". **VERY RARE. After careful research, the records indicate that the 1852 is about 10 times as rare as the 1851.** This is further borne out by the fact that early in 1852 the "United States Assay Office" supplanted Augustus Humbert. This one would be a buy at \$2,500.00." Upon checking records, we believe the statement of the cataloger that the 1852 was 10 times rarer than the 1851 is much too conservative. Possibly 15 to 20 times as rare as the 1851 would be more accurate! Surely, after 4½ years, this rarity should now be worth closer to 3,000.00

UNITED STATES ASSAY OFFICE OF GOLD

As indicated by its title, these are UNITED STATES COINS!

- 116. \$10 1852, 884 Thous., extremely fine. In strong demand. The Walton specimen (unc.) realized \$570 over a year ago; this coin now worth 500.00

117. \$20 1853, 900 Thous., extremely fine, variety with BLUNT "1" IN PLACE OF "1" IN UNITED 750.00

118. \$20 1853, Variety with **INVERTED "V's" IN PLACE OF "A's" IN AMERICA**, Uncirculated with orange tint. **About "10 Times As Rare As Normal 1853"**. We did see a specimen in Spring (nearly as nice as this one) priced at \$1250; this superior coin may now realize closer to 1,500.00

PRIVATE GOLD COINAGE OF CALIFORNIA 1849-1855

What stories these coins could tell about the "Wild West", gold mines, assayers, etc. One of the most fascinating chapters in American history.

119. \$5 1849 N.G.&N. (NORRIS, GRIEG & NORRIS) plain edge. One of the earliest gold coins to circulate in California. **A choice virtually Uncirculated specimen, edge nick. IN STRONG DEMAND.** Have seen specimens during the past year priced at \$2000 to \$2500; this one will probably realize somewhere around 1750.00

120. \$5 1849 Similar but **REEDED EDGE**, yellow gold rather than the orange gold as above, very fine 1,000.00

121. \$10 1849 MOFFAT & CO. on headband, S.M.V. (Standard Mint Value) California Gold TEN DOL. on reverse, fine. Setting new records; could now realize around 600.00

122. \$5 1849 Virtually Uncirculated, only barest friction. A choice example of the scarce well-engraved dies variety. RARE. 500.00

123. \$5 1850 Reverse **ROTATED AT RIGHT ANGLE TO OBVERSE**, extremely fine. RARE 600.00

124. \$5 1849 MASSACHUSETTS & CALIFORNIA CO. struck in white metal and gold plated. RARE. The last all-gold specimen to come upon the market realized \$8750; this virtually uncirculated one which cost \$1250 will probably now bring around 1,500.00

125. \$10 1850 **BALDWIN & CO., popular cowboy type, trial piece struck in brass over another coin. The all-gold now catalogs \$8000 which is what the Walton specimen realized over a year ago; this brass one cost** \$1,000.00

126. \$10 **WASS, MOLITOR & CO.** 1852 S.M.V. (Standard Mint Value) California Gold, extremely fine obverse, very fine reverse (caused by being struck from dished dies). Large Head. In demand 950.00

127. \$20 **WASS, MOLITOR & CO.** 1855 small head, reverse changed to **SAN FRANCISCO CALIFORNIA**, extremely fine. Far superior to the few specimens we have seen during the past thirty years! **VERY RARE** 2,000.00

128. \$20 1854 **KELLOGG & CO., San Francisco, California**, 3 short arrows, extremely fine with luster, the usual minor abrasions which seem to be characteristic of these large soft gold coins. Acquired at \$450 several years ago; should now exceed 550.00

129. \$20 1855 Kellogg, reverse **ROTATED AT RIGHT ANGLE TO OBVERSE**, extremely fine with luster 750.00

OREGON EXCHANGE COMPANY GOLD

130. \$5 1849 **OREGON EXCHANGE COMPANY 130G.** Native Gold 5D., beaver on obverse, T. O. (Territory Oregon) nearly Uncirculated with much luster. A choice specimen of this popular rarity. We note the Brand specimen in only very fine realized \$2350 in March; now this vastly superior coin (**ONE OF THE CHOICEST SPECIMENS KNOWN**) should realize around 5,000.00

\$50 SOUVENIR GOLD "SLUG" FOR 1915 PAN PACIFIC

131. Similar to Pioneer gold slug, "Facsimile Of Famous California Fifty Dollar Gold Slug Issued By The Pioneers 1850" around eagle holding ribbon with "In God We Trust" (in place of "880 Thous." on label) "UNITED STATES OF AMERICA FIFTY" around eagle, blank reverse. Tiny surface drill-holes at each of the 8 corners (evidently, it was to be mounted) heavy gold weighing about as much as the 1851 slugs. We have traced this piece back to the 1960 Michigan State Convention (lot 351) in Detroit where it realized \$1210; the present owner acquired it in 1962 at \$1750; surely with the strong increase in commemorative pieces, it should now exceed.....2,500.00

RARE & CHOICE LARGE CENTS 1793

Records from the sales taking place the past year indicate a remarkable rise in demand and values for the better grade specimens. No doubt present values will also be obsolete a year hence as those of a year ago are today. The Helfenstein and A.N.A. Convention sales in particular, revealed the strong demand for top grade large cents.

146. 1793 S-1, CHAIN AMERI., about very fine (EN of CENT not struck up as sharply as balance of coin. **RARE**. In strong demand. Setting new records. Should realize over \$1250, possibly closer to1,500.00

147. 1793 S-6, WREATH, vine and bars edge, the famous "Sprung Die" variety, extremely fine except for rough spot at edge. The "Ext. Fine reworked (to remove erosion)" specimen in the A.N.A. convention sale in August realized 1,250.00
148. 1793 S-8, WREATH, Horizontal Stem, High Triangular Bow, acquired from the March 1961 Numismatic Scrapbook ad of a leading California dealer as "Very Fine obverse, About uncirculated reverse." Not in the A.N.A. sale even tho it contained 12 different 1793 cents. About the same rarity as S-6 (lot 147) 1,250.00

149. 1793 S-9, WREATH, Horizontal Stem, Large Round Bow, comparable to the Helfenstein specimen sold in New York in August described as "full mint sharpness for the variety, small areas of weakness at curls, identical in extent to those on the Sheldon Plate coin, indicating not wear but the usual failure of the Mint's press to bring up the design in full relief, excellently centered, perfect reverse die." That specimen realized \$2900; this choice one should now exceed \$3500; possibly closer to \$4,000.00

150. 1793 S-10, WREATH, Period After AMERICA, fine obverse, reverse closer to very fine. A "TYPE" COIN WORTHY OF SEPARATE LISTING IN GUIDE-BOOK! At least three times as rare as above variety. Too low at \$600; should be closer to 750.00

151. 1793 S-11a, WREATH, Vertical Left Leaf, Beads Far From Legend, acquired as "ABOUT UNCIRCULATED, THE FOURTH FINEST KNOWN IN SHELDON'S LIST, obverse condition 45 and reverse condition 55, the reverse comparable to the Sheldon plate coin but the FRACTION IS SHARPER AND BETTER STRUCK UP (earlier state of dies), a pleasing coin." We cannot add to this description except to point out that this is a **RARITY 6 COIN IN TOP CONDITION!** The "Ext. Fine, sharp (35)" coin in the A.N.A. sale realized \$2100 on a \$2250 estimate; this one worth about double or 4,000.00

152. 1793 S-11c, LETTERED EDGE, single leaf on edge, acquired as "very fine obverse and extra fine reverse" however he neglected to mention the tiny rough spot on reverse edge. A popular "Type" coin. The A.N.A. sale contained two specimens of the 1793 S-11b but no S-11c. Present market seems to be around 850.00

153. 1793 S-13, LIBERTY CAP, acquired in 1961 as "Very Fine chocolate-steel color. Rare and desirable" at \$1250; it now lists in Trends of Coin World at \$1875; by the time this sale takes place its value will probably be closer to 2,500.00

154. 1793 S-15?, LIBERTY CAP, fair (partly legible) identified by DR. SHELDON AS "K" REVERSE but he is not positive whether it is a 14 obverse. This coin came from a leading large cent specialist who believed it was 14-K (S-15). OF THE ONLY 5 KNOWN SPECIMENS (Sheldon) 2 are in A.N.S. Museum forever off the market leaving only 3 in the hands of collectors, one very fine; one very good and the third fair. The present owner also believed it to be S-15 and paid \$1250 for it in 1960. The only other "K" reverse is S-12 of which only twenty are known. Those in the hands of collectors run from a bare fine down to poor. Whatever you call it, IT IS A TOP RARITY!

RARE & CHOICE LARGE CENTS 1794

155. 1794 S-22 Bent Lock variety, acquired from the March 1961 Numismatic Scrapbook ad of a leading Eastern dealer as "About Uncirculated. "Reverse actually is" iridescent red, blue, purple and brown blended into a lovely color. A condition census coin priced at only \$275.00". This variety was not in the Helfenstein sale (which contained S-21 condition 65—realized \$2100; and S-24 condition 60—realized \$1750). On a comparative basis, this S-22 could now realize in the neighborhood of 1,000.00

RARE AND CHOICE LARGE CENTS, 1794 (Continued)

- | | | |
|------|---|--------|
| 156. | 1794 S-33 As stated by Sheldon, "the die is raised at the center so that ONE CENT is usually not legible", fair with nearly all of coin (except "one cent") legible. Sheldon states, "Nine examples of this famous rarity are now known to us but unfortunately three of them are impounded in ANS, and two of the remaining six are injured or burnished coins. This leaves the collector a small field of choice and accounts for the high basal value." Easily worth over \$150; possibly closer to..... | 200.00 |
| 157. | 1794 S-58, Thick Hair, WIDE DATE, extremely fine with eroded surface. Could this be the 30 coin listed in Sheldon's Condition Census table? SCARCE VARIETY. Not in Helfenstein or A.N.A. sale offerings..... | 350.00 |
| 158. | 1794 S-65, Shielded Hair, Short Stems, acquired as "a sharp very fine obverse, extra fine reverse" at \$150 a year ago; could no wrealize closer to.... | 200.00 |
| 159. | 1794 S-67, Large Circular Curl, acquired as "About Uncirculated, RARE" two two years ago at \$295.00. Careful examination reveals someone has "improved" the coin giving it its choice appearance. A choice appearing specimen without the "improvement" should today realize over \$750; what this coin will bring, your guess would be as good as ours. | |

RARE & CHOICE LARGE CENTS 1795

- | | | |
|------|--|--------|
| 160. | 1795 S-74, LETTERED EDGE, acquired as "very fine, struck on pecky planchet, eroded surface" at \$125 two years ago; could now realize closer to.... | 200.00 |
| 161. | 1795 S-76b, PLAIN EDGE, "One Cent" high, acquired as "Extra Fine" but very fine and sharp obverse and extremely fine reverse would be more accurate. Cost \$100 a year ago; could now realize closer to | 125.00 |
| 162. | 1795 S-77, Plain Edge, "One Cent" centered, good. RARE variety. | 60.00 |
| 163. | 1795 S-78. "One Cent" centered, from the same source as lot 155 described "About Uncirculated" in March 1961 at \$150.00. Perhaps its grading is a bit optomistic, even tho we saw a similar condition specimen priced \$295 at the recent A.N.A. convention. Helfenstein specimen (uncirculated) realized \$1300 and the A.N.A. sale specimen (unc. but scratch)brought \$1150.00. What the present value of this specimen is must be determined by you, the bidder. | |

RARE & CHOICE LARGE CENTS 1796

Nearly all of these were acquired by the present owner from the ad of a leading Chicago dealer in the April 1960 Numismatic Scrapbook.

- | | | |
|------|---|----------|
| 164. | 1796 S-82 LIBERTY CAP, Pole Attached To Bust, acquired as " XF, RARE (R-5) may be 4th top grade of this variety " at \$295; its present value could exceed | 750.00 |
| 165. | 1796 S-85 LIBERTY CAP, Low 6, acquired as "Very good. VERY RARE. " at \$150.00. We note "One Cent" is not as sharp as balance of coin. Now, nearly five years later, its present value could exceed | 300.00 |
| 166. | 1796 S-86 LIBERTY CAP, Low 6, acquired as "Very fine obverse (flat strike?) About Uncirculated reverse. Very RARE VARIETY. According to Sheldon's CONDITION CENSUS scale, this is probably the 35 coin which he says is THE THIRD BEST IN COLLECTOR'S HANDS. " at \$450; its present value could exceed \$1000; perhaps closer to..... | 1,500.00 |
| 167. | 1796 S-87 LIBERTY CAP, Low 6, acquired as "About Uncirculated. Probably the 45 coin in Sheldon's CONDITION CENSUS SCALE WHICH IS THE SECOND BEST IN COLLECTORS' HANDS, " at \$450; its present value is closer to | 1,500.00 |

- | | | |
|------|--|----------|
| 168. | 1796 S-88 LIBERTY CAP, Club Pole, acquired as "Extra Fine. VERY RARE VARIETY. If Sheldon's CONDITION CENSUS SCALE IS CORRECT, THEN THIS IS THE SECOND BEST ONE KNOWN, " at \$950; its present value, about five years later should surely exceed \$2000; perhaps | 2,500.00 |
|------|--|----------|

169. 1796 S-89 LIBERTY CAP, Crowded Head, acquired as "Extra fine. According to Sheldon, this is probably THE SECOND FINEST KNOWN," at \$295.00. Close examination reveals it to have been brushed. Its present value could be in the neighborhood of..... 500.00

According to Sheldon, **THIS MUST BE THE SECOND BEST ONE KNOWN.** The owner bought it in a 1957 auction where it had a valuation of \$750.00. According to Sheldon's basal value guide, this should have a book value of about 1125.00 although I know many sold for far more than book value at an auction last fall in New York. I think it is worth my price of 1250.00" Now, about five years later, it should surely exceed 3,000.00
177. 1796 S-106 DRAPED BUST, Date Slants Right, acquired as "Fine (sold to owner as very fine). RARE. **Probably the 15 COIN LISTED IN SHELDON'S CONDITION CENSUS SCALE (FOURTH BEST IN COLLECTORS' HANDS).**" at \$195; should now after about five years realize over..... 400.00

TURN PAGE FOR RAREST LARGE CENT, 1799

1799 LARGE CENT, RAREST DATE

212. 1799 S-189 Perfect Date, accompanied by detailed analysis of Walter Breen (collaborator of the Sheldon book PENNY WHIMSY). "This certifies that I have examined the coin and unhesitatingly declare it to be an authentic 1799 cent, Sheldon 189, **GENUINE AND UNTAMPERED**. The piece is from the **earliest die state** (HIGHLY DESIRABLE) showing virtually no traces of the diagnostic rim breaks over F AM (only microscopic die crumblings at denticles), and only the slightest trace of the "mint mark" chip between E of ONE and T of CENT. **It is one of the VERY RARE examples showing nearly full borders on both sides together with STRONG "LIBERTY" AND STRONG DATE**. Over 99% of known 1799 cents have either strong LIBERTY and weak date or vice versa, the ratio being about 6 to 1 (the famous Hines AU specimen has strong LIBERTY and weak date the "Abbey" and Downing 1799's have weaker LIBERTY and strong dates). The few with strong LIBERTY and strong date are mostly well worn, and **THE PRESENT COIN IS BEYOND DOUBT ONE OF THE BEST SUCH KNOWN TO EXIST!** The circular mark on obverse, at face and in right field, is a pre-striking mark made by the planchet cutter, a device similar to a cookie cutter which stamps blank planchets out of the long thin copper strips. I have seen this type of mark on many other early cents, including some uncirculated ones.

In grade, this coin narrowly misses the condition census and some collectors might well believe it to belong to the census. I have seen possibly eight or nine in about the same grade **BUT THIS WAS THE ONLY ONE SHOWING STRONG "LIBERTY" AND DATE!** Planchet color and texture are characteristic of the last 1798's, the 1799's and the earlier 1800's. In fact, this is unusually good for planchets from this Coltman Bros. & Co. lot of planchets, as it is less dark than usual and with less roughness than usual, the roughness being localized. Respectfully submitted, "Walter Breen" for the INSTITUTE OF NUMISMATIC AUTHENTICATORS."

It is exceedingly difficult to evaluate this rarity since it is **"IN A CLASS BY ITSELF"** with its **SHARP "LIBERTY" AND DATE** (as is the **Hines AU-50 coin but which has a weak date**). The Hines coin realized \$10,500.00 in October 1959 on an estimated value of \$8,000.00. With the sharp rise in values during the five years since then, the Hines coin if offered at auction today, could conceivably realize \$25,000.00 or \$30,000.00. While the specimen herewith being offered is not in that price range, still **"IT IS TOPS IN ITS VARIETY."** The owner feels it should realize somewhere around ----- \$10,000.00

RARE & CHOICE LARGE CENTS 1800

213. 1800 OVER 179, S-194 Compact Overdate, late state of dies with heavy die break reverse rim, acquired as "Better than plate coin in Penny Whimsy, better than French-Clarke-Sloss. **UNCIRCULATED light and darker brown "CONDITION CENSUS COIN"** at \$450.00. Close inspection reveals slight rubbing. The A.N.A. specimen described as "Prac. Unc. (50) slightest bit of erosion on reverse" realized \$575; surely this superior coin worth well over 750.00
214. 1800 OVER 179, S-196 Wide Overdate, acquired as "Extra Fine, not too far from condition census which includes a 40 coin" at \$100; could now realize closer to ----- 150.00
215. 1800 S-206 Wide Date, Period Before Neck, acquired as "About Uncirculated, **FINEST KNOWN, (RARE (R-4))**" at \$850 in 1962. A lovely appearing coin but close inspection leads us to believe it has been cleaned some time in the past but has since acquired a lovely blue-steel color. Could now exceed ----- 1000.00
216. 1800 S-209 Widest Date of year, acquired as "Extra Fine, **probably the 35 coin in Condition Census. RARE (R-5)**". Cost \$250; the grading appears to be a bit overenthusiastic altho the coin could now bring ----- 300.00

Acquired in 1962 at \$600.00 Its condition precludes us from being positive as to whether it is a variant or actually a **NEW NON-COLLECTIBLE**.

1794 SILVER DOLLAR

780. 1794 EXTREMELY FINE WITH LOVELY BLUISH GOLDEN PATINATION. **A choice specimen of this rarity, THE FIRST DOLLAR OF THE U.S. MINT!** As usual, the left stars are not struck up as sharply as the right stars (also corresponding portion of reverse, the tops of UNITED STATES). Only a few specimens were struck late in the year and then the dies were discarded due to their early failure. We note a steady advance in value for this popular rarity. Two years ago it cataloged \$4,000 v.f. and \$10,000 unc.; now it catalogs \$5,500 v.f. and unc. at \$12,500.00. This specimen probably worth half way between around\$9000.00

781. 1794 "Spanish Milled Dollar" (8 reales of Mexico) which actually circulated in the U.S. and were legal tender at the time, very fine. In fact, the U.S. dollar was specified to contain the same contents as the "Spanish Milled Dollar" then circulating in the U.S. Have seen a specimen recently priced at 50.00

1795 TYPE 1794 (FILLET) DOLLARS

782. 1795 B-1, Two Leaves beneath each wing, nearly Uncirculated with pleasing light blue patination. **VERY POPULAR WITH NEW RECORDS BEING SET.** Should exceed 950.00
783. 1795 B-5, Three Leaves beneath each wing, bust fine to very fine but LIBERTY, date and stars closer to extremely fine. Reverse extremely fine. Judging from what this type has been bringing, we believe it will realize between \$450 and 500.00

1795 TYPE 1796 (BUST) DOLLARS

Only two dies used compared to 13 dies for the first type 1795. **ONLY ABOUT ONE THIRD AS MANY ISSUED AS FOR THE FIRST TYPE 1795!**

784. 1795 B-14, BUST TOO FAR LEFT, extremely fine, tiny nick. Catalogs too low unc. \$850; this specimen now worth about 500.00
785. 1795 B-15, Bust Properly Centered, nearly Uncirculated. Somewhat scarcer than B-14. 800.00

786. 1796 B-2, 15 STARS (states) **Small Date, Small Letters**, nearly Uncirculated with lovely lustrous bluish golden patination, top hair strands of bust lightly struck giving the appearance of wear (the bottom hair strands and collar are of normal sharpness). **RARE.** 550.00

828. 1836 STARLESS OBVERSE, NO DRAPERY From Elbow similar type as 1837 5c and 10c. "C. Gobrecht F." (the engraver) (F. - Fecit - made it) on base. Reverse, Large Eagle in full flight surrounded by 26 stars (states) and UNITED STATES OF AMERICA, plain edge. One of the most beautiful of all the U.S. coins! Only 1000 were struck in 1836 and when the law was passed in 1837 authorizing a dollar in this weight and composition (none issued since 1803 except for the few 1804) they were placed in circulation (the 1856 flying eagle cents also circulated in 1857 when the law authorizing them was passed). This particular specimen is a **PROOF WITH LOVELY BLUE PATINATION**. The strong demand could send it over the \$1750 of the specimen we saw at the A.N.A. 1517.	1879 Brilliant Uncirculated with Prooflike surface. RARE LOW COINAGE. A magnificent specimen acquired at	510.00

1518. **1881 YELLOW PROOF** altho not quite a gem. **VERY RARE DATE WITH A TOTAL COINAGE OF ONLY 550 INCLUDING PROOFS!** Seldom offered. We note a leading Eastern dealer had a proof (probably choicer than this specimen) at\$2,500.00

1519. **1882 Prooflike** with orange tint rather than the "proof" for which it was acquired. **ONLY 1540 ISSUED INCLUDING PROOFS!** One of the smallest issues of the entire series! Full proofs catalog a low \$1000; this one probably worth closer to700.00

1520. **1883 Fine. ONLY 940 ISSUED IN ALL.** One of the smallest issues of the entire series!350.00

1524. **1888 ORANGE PROOF. RARE.**1,000.00

\$4 GOLD OR "STELLA"

A most interesting attempt at an international coinage. The composition and weight are interspersed with stars around a lovely young woman's head. The reverse has a large star with "ONE STELLA 400 CENTS" on it, E Pluribus Unum and Deo East Gloria (God Is Glorious) around star and UNITED STATES OF AMERICA FOUR DOL.

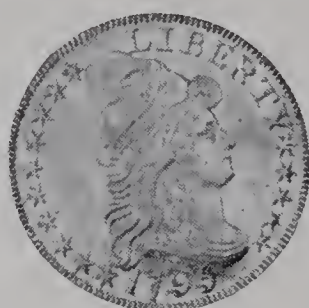

1525. **1879 FLOWING HAIR, BRILLIANT PROOF WITH WIRE EDGE. A LOVELY SPECIMEN FAR SUPERIOR TO OVER 90% WE HAVE SEEN DURING THE PAST THIRTY YEARS AS PROFESSIONALS!** A premium specimen worth well over the catalog valuation of\$6,000.00

RARE 1879 COILED, 1880 FLOWING HAIR STELLAS

1526. **1879 COILED HAIR, BRILLIANT PROOF WITH WIRE EDGE.** Close inspection leads us to believe it is copper with gold plating. Equal in rarity to the all-gold specimen (only 10 issued) which would probably realize around \$20,000.00 if one appeared on the market. This specimen will probably realize over \$6,000.00, possibly closer to7,500.00

1527. **1880 TINY DATE** with flowing hair rather than Large Date as on the above two, struck in aluminum. **BRILLIANT PROOF WITH WIRE EDGE. ONLY 2 OR 3 ISSUED COMPARED TO THE GOLD OF WHICH 15 WERE ISSUED, AND WHICH CATALOGS**\$12,250.00

UNCUT SHEETS OF 12 NOTES

Only a few were issued for numismatic and educational purposes. They entailed a great deal of extra work for the Bureau, Engraving and Printing and were discontinued a decade or so ago. We have seen pairs and strips that could have only come from cut-up sheets. All original uncut sheets are now scarce with many rare and very rare. We believe they present an excellent opportunity for investment. Judging from our experience in handling uncut sheets during our 31 years as professional numismatists, we believe they have great potential for a substantial increase in values during the coming years.

Allowing for those lost or destroyed by fire, flood, etcetera we doubt if as many as a DOZEN ARE STILL IN EXISTENCE! What few we have seen during our thirty-one years as professional numismatists have all been inferior! This could very well be the CHOICEST SPECIMEN KNOWN as claimed by its owner. THIS IS THE JAMES M. WADE SPECIMEN who was a leading collector of currency during his lifetime, and this was the choicest specimen he had seen! The present owner acquired this remarkable specimen in 1959 at \$3500; surely now in 1965 it should exceed	\$6,500.00
